RAILWAYS.

(denotes that this work is advertised in Engineering News.)*

ALBERTA & GREAT WATERWAYS.—W. R. & D. O. Clark, bankers, of Kansas City, Mo., who hold the charter for this company's bonds, which are guaranteed by the Alberta government at $20,000 for 350 miles, state construction will be commenced this spring. J. A. L. WADDELL, of Kansas City, has already been awarded the contract for building the necessary bridges and trestles, as noted last week. The Alberta government has guaranteed the bonds of the Alberta & Great Waterways Ry. to the extent of $400,000 for terminals at Fort McMurray.

ARANSAS PASS, SAN ANTONIO & GREAT NORTHERN.—A company under this title proposes to build a main line of 350 miles, with a branch from Brady to Eden, Tex., about 50 miles. Col. J. H. Ransome, of San Angelo, Tex., and others, are interested.

ATCHISON, TOPEKA & SANTA FE.—It is stated that authorization has been given for the double-tracking of the line between Wyaconda, Mo., and Bucklin, 69 miles. Company may also complete this year about 50 miles of double-track on the Illinois and Missouri divisions.

BEIRNE & CLEAR LAKE.—This company has been chartered with $8,000 capital to build a line four miles long in Clark County, Arkansas. The directors are L. M. Ridelspeyer, J. S. Boger, J. C. Greene, John A. Miller and J. J. Hawkins, of Beirne, Ark.

BRITISH COLUMBIA, ALBERTA, SASKATCHEWAN & MANITOBA.—See St. Mary's & Crawford Bay.

BUFFALO, ROCHESTER & EASTERN.—The New York Public Service Commission, Second District, has refused to issue a certificate of necessity to this company, organized in 1907, to build from Buffalo, N. Y., east to Rochester, and thence to Troy, 300 miles. Previously noted.

CAIRO & NORFOLK.—Construction probably will be resumed in April or May at the Mississippi River end of this railway. It is hoped to have the first two sections (a total of about 60 miles) completed in October or November, and the third section to Hopkinsville, Ky., by January, 1910. L. W. Goode, 111 Broadway, New York, is Pres.

CANADIAN NORTHERN.—Company is applying for 7,500 acres of land and $3,000 per mile from the Ontario Government for the construction of a line to run from Port Arthur to Sellwood, Ont., a distance of approximately 530 miles.

The Manitoba Government has passed legislation to guarantee the bonds of this company to the extent of $13,000 per mile for the following lines: From a point on the line at or near Hallboro westerly or northwesterly for 110 miles; from a point near Oak Point northerly for 50 miles; from a point near Makinak northerly and northwesterly for 50 miles. M. H. MacLeod is Gen. Mgr., Winnipeg.

CANADIAN PACIFIC.—JOHN DUTTON, Winnipeg, has been awarded the contract for 20 miles westward from Weyburn on the Weyburn-Lethbridge "air-line." FOLEY, WELCH & STEWART, Winnipeg, have the contract for 20 mile section eastward from Lethbridge, the 25-mile branch from Stettler, and for 25 miles from Lacombe.

CHEMICAL & HELVETIA.—Company has been chartered to operate in Upshur and Randolph Counties, West Virginia. Capital, $25,000. Incorporators are H. G. Young, of Charleston, W. Va.; J. M. N. Downes and Eugene Brown, of Buckhannon, W. Va.; P. H. Schaffner, of Falls Creek, Pa.; William McDode, of Selbyville, W. Va., and Charles Mudge, of Olean, N. Y. The line will run from near the chemical station on the Baltimore & Ohio Railroad to Helvetia, W. Va. Headquarters will be at Selbyville.

CHICAGO, MILWAUKEE & PUGET SOUND.—This company has sold to the Union Pacific Co., a half interest in its line from Black River Junction, Wash., to a crossing of the Puyallup River, three miles from Tacoma, a distance of about 26 miles. The companies will jointly build a line about 100 miles long from a point near Tacoma to Gray's Harbor on the Pacific.

Contract has been awarded to J. M. BRUCE & CO., Seattle, Wash., for building the Milwaukee Terminal Co.'s Front St. line in Tacoma. The terminal company is a subsidiary of the Chicago, Milwaukee & Puget Sound Railway Co. and is to extend from the Tacoma Mill Co.'s mill, north along the Tacoma water-front to the North End Lumber Co.'s mill. Estimated cost, $250,000.

CLINTON & OKLAHOMA WESTERN.—FRANK L. ADAMS & CO., of Oklahoma City, Okla., have been awarded a 20-mile grading contract, connecting Clinton and Butler, Okla. Guy V. McClure, of Oklahoma City, is Ch. Engr. Line was chartered to build from a point at or near Lehigh, Okla., to Trinidad, Colo. The directors are C. C. Godman, Pres.; T. J. Nance, Vice-Pres.; C. H. Lamb, Secy.; C. R. Strong, Gen. Mgr., all of Clinton, Okla.

CUMBERLAND & NORTHWESTERN.—This company has been incorporated in Kentucky to build 75 miles of line through coal and timber lands from Artemus to Beattyville, Ky. The incorporators include S. P. Condon, F. S. Mead, E. L. Thomas and J. M. Graham, of Knoxville, Tenn.; B. C. Milner, of Louisville, Ky.; C. B. Lyttle and W. O. Gloster, of Manchester, Ky. Mr. Graham is Pres., Mr. Condon, Vice-Pres. and Mr. Thomas, Secy. The company is authorized to issue securities to the amount of $3,000,000, the capital being $100,000.

DAYTON, LEBANON & CINCINNATI.—J. C. CARLAND & CO., of Toledo, Ohio, it is announced, have been awarded the contract for the grading and track-laying of the D., L. & C. into Dayton. This is a new road designed to connect Dayton and Cincinnati, and is backed by a syndicate headed by M. L. Sternberger, of Jackson, Ohio. All the work is to be finished by September 1, this year, and immediately after that date through train service, both passenger and freight, will be established between the two terminals. The KEYSTONE BRIDGE CO., of Wheeling, W. Va., has contract for bridges.

ELKHORN NORTHERN.—James Carse, Elkhorn, Man., is applying for the incorporation of this company with power to build from the Montana boundary near Elkhorn, Man., in a northern direction to the northern boundary of the province. The route is not definitely stated in the application for incorporation.

GRAND TRUNK PACIFIC.—Abraham E. Smith, U. S. Consul at Victoria, B. Naschold & Knutzen have finished plans for a 4-story factory building, measuring 48 × 120 ft., to be built at 425 North Third St., for Oehrle Bros. & Co.

WILMINGTON, DEL.—Contracts have been awarded to A. S. REED & BRO. CO., of this city, for the construction of two shop buildings for the Harlan & Hollingsworth Corporation. The machinery to equip these shops will be supplied and installed by the PUSEY & JONES CO., also of this city. Each shop will be 220 × 170 ft. in size. Work will be started at once, and the buildings completed within four months. They will be used for the construction of steel passenger coaches.

DANVILLE, VA.—Lockwood, Green & Co., 93 Federal St., Boston, Mass., Engrs., advise us that the proposed buildings of the Dan River Power Co., of Danville, Va., will be a mill building 350 ft. long, 150 ft. wide and three stories high, a cloth room building 220 ft. long, 75 ft. wide and 5 stories high. The construction will be slow burning mill construction with some steel beams used in one of the floors. The walls will be of brick. Bids will probably be received in about two weeks. The equipment will consist of cotton machinery, shafting, belting, sprinklers, humidifying apparatus and elevators.

WEST DURHAM, N. C.—The Erwin Cotton Mills Co., of Durham, N. C., has decided on West Durham as the location for the proposed $1,000,000 additional mill. Lockwood, Green & Co., architects, 93 Federal St., Boston, Mass., Engrs., have been instructed to proceed with the preparation of plans and specifications. These plans will call for the erection of a building 825 ft. long, containing a spinning room 200 ft. wide and a weaving room 300 ft. wide, one story high. This will be of brick, standard mill construction, and will be completed as augmented by cotton and cloth storehouses, several hundred operatives' cottages, etc. The power to drive the machinery will be electricity and it will probably be furnished from the wires of the Southern Power Co., of Charlotte, N. C. An equipment of 50,000 spindles and 1,500 looms is contemplated for the new plant. As soon as plans have been received the company will invite contractors to examine them with a view to bidding on the construction of the buildings. W. A. Erwin, Secy.-Treas. of the company, is in charge of the management and of building the new plant.

WEST POINT, GA.—The West Point Mfg. Co., West Point, Ga., is reported to be planning installations of additional machinery in its Shawmut Mill. It is reported that the present equipment of 25,000 spindles and 200 looms will be increased to 30,000 spindles and 300 looms.

MEMPHIS, TENN.—The Louisville Soap Co. has purchased the property of the Memphis Soap Co. and will remodel the plant of the latter here with a view to making it a branch of the company at Louisville. The local plant, when repaired and placed in first-class condition, will produce about 20,000 boxes of soap each month.

NILES, OHIO.—The DeForest Steel Co., of Niles, has awarded the RITER-CONLEY MFG. CO. a contract for one of the new steel mills to be erected at that place. The building will require a total of 800 tons of structural steel.

PIQUA, OHIO.—The Orr Felt & Blanket Co. have completed arrangements for the erection of a felt and blanket mill, work to begin at once. The plant will cover a city square. The factories already occupied will be abandoned for the new location, which must be completed by Jan. 1, 1910. All the power will be electrical, generated within the plant, each machine having an individual motor.

COLUMBUS, OHIO.—Bids are asked until 10 a. m., April 16, by Capt. H. J. Hirsch, Constr. Q. M., Columbus Barracks, for construction of a laundry building at this post, including plumbing, laundry equipment with boiler, motors, etc., electric wiring, and electric lighting fixtures.

LAPORT, IND.—The M. Rumley Co. is preparing to erect a large factory in this city to manufacture gasoline traction engines.

RICHMOND, IND.—It is reported that the F. & N. Lawnmower factory will be rebuilt as soon as debris is cleared and insurance adjusted. In addition to letting a contract for constructing a new building, new machinery will be purchased. John M. Lontz is Pres.

DECATUR, ILL.—The Illinois Traction System, Champaign, Ill., is about to commence the construction of a 48 × 300-ft. wood mill, brass foundry and other additional buildings adjoining the company's shops at Decatur. Considerable new wood-working machinery will be installed and improvements will be made in the main erecting and machine shop as the wood-working shop will be removed from that building.

FORT BAYARD, N. MEX.—On March 16 the following bids were received for installing steam laundry equipment at this post: Newell Bros., 218 West First St., Los Angeles, Cal., $10,354; Troy Laundry Machinery Co., Ltd., Chicago, Ill., $7,300; American Laundry Machinery Mfg. Co., New York, $7,605.

CASHMERE, WASH.—The Will Hayward Timber & Mining Co. will erect a sawmill and box factory at Cashmere to cost $60,000. Site has been secured.

ROSEVILLE, CAL.—The Southern Pacific Co. is to begin the construction of a car shop at Roseville soon, that will be 1,500 ft. long × 150 ft. wide. It will have more than three miles of track. The shop will be equipped with all sorts of machinery for wood and iron work. H. J. Small is Gen. Supt. of Motive Power, San Francisco.

BRANDON, MAN.—The CARTER-HALL-ALDINGER CO., of Winnipeg and Chicago, have the contract for a 24-stall round-house to be built here for the C. P. R.

WINNIPEG, MAN.—The plant and buildings of the Stuart Machinery Co. which were destroyed by fire, will be rebuilt at once on a larger scale.

INDUSTRIAL NOTES.

THE STANDARD UNDERGROUND CABLE CO. is constructing a new mill at Perth Amboy, N. J., and will install a 750-B.HP. horizontal producer gas electric unit to furnish electric power to the new wire mill. Gas will be furnished from a plant of Westinghouse anthracite suction producers yielding gas of about 120 b. t. u. per cu. ft. A certain portion of the producer gas will also be used for heating and annealing operations in the wire mill. This engine will be the first of a new size developed at East Pittsburg suitable for direct connection to a 500-KW. generator with reasonable overload capacity. The engine and generator will be solid coupled, operating at a frequency of 60 cycles.

AMONG ORDERS RECENTLY RECEIVED by the Philadelphia plant of the Link-Belt Co. are: For Cuba, coal handling machinery for iron works, banana carrier, fueling barge equipments, automatic barrel elevator, mud conveyor; for Florida, elevators, conveyors and miscellaneous machinery for handling phosphate rock, belt conveyor for lumber company; for Massachusetts, coal handling machinery for large textile mill; for New Jersey, a coal conveyor; for New York, freight carrier for paper mill, two bucket carriers for crushed coke, elevating and conveying machinery for refuse; for Nova Scotia, coal handling machinery; for Pennsylvania, coal elevator and conveyor, two chip handling conveyors, elevator for crushed stone, car haul machinery; for Virginia, elevators, conveyors and miscellaneous machinery for handling phosphate rock.

THE ANNUAL MEETING of the stockholders of the Union Switch & Signal Co. took place March 9th in the office of the company, Westinghouse Building, Pittsburg. Owing to the absence of Mr. George Westinghouse in Europe, Col. H. G. Prout, Vice-President of the company, acted as chairman. The financial statement was read to the stockholders and an election for president and directors was held with the following results: George Westinghouse, Robert Pitcairn, William McConway, George C. Smith, Thomas Rodd, H. G. Prout, James J. Donnell, Directors. After the meeting a representative of the company stated that they have at the present time on hand at Swissvale orders for unfilled business amounting to $1,357,000. New contracts for block signaling and other railroad safety devices are now coming in more freely than at an time during the last twelve months.
